WHEREAS, these guardians are dedicated members of the International Code Council, a nonprofit that brings together local, state, territorial, tribal and federal officials who are experts in the building environment to create and implement the highest quality codes to protect us in the buildings where we live, learn, work and play; and

WHEREAS, these modern building codes include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquakes; and

WHEREAS, Building Safety Month is sponsored by the International Code Council to remind the public about the critical roll of our communities’ largely unknown protectors of public safety, our local code officials who assure us of safe, sustainable and affordable buildings that are essential to our prosperity, and
