#### **Barberton Announces 2023 Street Resurfacing Program**

The City of Barberton is pleased to announce that this year's Street Resurfacing Program is set to commence mid to late summer. Perrin Asphalt and Concrete was selected by a sealed public bid to perform the asphalt resurfacing portion of the program. This contractor was the lowest bidder related to their method of resurfacing and was approved by Barberton City Council.

This year's program focuses on the resurfacing of residential streets. A number of variables were considered during street selection. Recommendations from Council representatives, residents, staff, and the City's engineering consultant, GPD Group, were all considered.

"We are making it a top priority to extend the resurfacing dollars across the City" stated Mayor Judge. "A special thanks goes out to the residents for the passage of Issue 8 in 2013. The passage of Issue 8 has allowed us to resurface over 35% of our roads in the last 10 years."

Areas included in the 2023 Asphalt Resurfacing Program:

<b>Broadview Avenue</b>	<b>Grand Blvd. to Dead end</b>
<b>Fairmount Avenue</b>	<b>Grand Blvd. to Dead end</b>
<b>Grandview Avenue</b>	<b>5<sup>th</sup> Street NE to State Street</b>
<b>Orchard Avenue</b>	<b>Wooster Rd. North to Morgan Street</b>
<b>Homewood Avenue</b>	<b>1445 Homewood to End of Pavement</b>
<b>Rose Circle Drive</b>	<b>Akronview Drive to Cul De Sac</b>
<b>Haven Avenue</b>	<b>South Van Buren Avenue to Frank Avenue</b>
<b>Miami Avenue</b>	<b>Norton Avenue to Morgan Street</b>
<b>3<sup>rd</sup> St. NW</b>	<b>Wooster Road West to W. Park Avenue</b>
<b>22<sup>nd</sup> NW</b>	<b>Bellview Avenue to Shannon Avenue</b>
<b>30<sup>th</sup> St. NW</b>	<b>Wooster Road West to Dead end</b>
<b>North Court.</b>	<b>Shannon Avenue to 22<sup>nd</sup> St NW</b>
<b>37<sup>th</sup> St. SW</b>	<b>Wooster Road West to Hagey Drive</b>
<b>Meadow Court</b>	<b>Ettle Drive to Conrad Street</b>
<b>Ettle Drive</b>	<b>Waltz Drive to Dead end</b>
<b>Conrad Street</b>	<b>Ettle Drive to Waltz Drive</b>

In addition to the City's 2023 Resurfacing Program, the city in conjunction with the Ohio Department of Transportation (ODOT) will be working on several projects as follows:

**South Van Buren** from Snyder Avenue to Russell Avenue will be reconstructed including curbs, drive aprons, storm sewer, sidewalk, water line, installing fiber optic conduits, tree lawns, and other required work for a full reconstruction of this roadway. Russell Avenue to Eastern Road will have a storm sewer installed and will be resurfaced. Construction to start Fall 2023.

**Taylor Road** from Wooster Road West to Eastern Road will be receiving a new 8" water main including new valves, fire hydrants, and water services. Once the water main is complete the road will be resurfaced.

**4<sup>th</sup> Street** from West Lake Avenue to Norton Avenue, **Hopocan Avenue** from Hillsdale Avenue to 8<sup>th</sup> Street NW, **Norton Avenue** from 17<sup>th</sup> Street NW to Barber Road, and **Snyder Avenue** from 2<sup>nd</sup> Street SW to 5<sup>th</sup> Street SE. These projects reconstruct these streets by milling, resurfacing, updating ADA-compliant crossings, add signage, and pavement markings.

**Wooster Road North** and **State Street** intersection will be completely reconstructed and replaced, along with curbing, sidewalk, drive aprons, and waterline. The proposed project will extend from West Hiram Street to the State Route 619 Bridge on State Street and from Ashland Court to East Hiram Street on Wooster Road North.

**Holmes Avenue** Improvements, the project will improve pedestrian safety and access to the Summit DD and Lake Anna YMCA by closing the Wunderlich intersection at Hopocan, improving the pedestrian crosswalk on Hopocan, and extending Holmes Avenue from 3<sup>rd</sup> Street NW to Wunderlich.

**Wooster Road West** from Hudson Run to 4th Street, will be completely reconstructed including the curb, sidewalk, drive aprons, and other utility upgrades. A new Railroad crossing will be built.

**Robinson** and **Wooster Road** intersection, ODOT will also be completing a safety-funded project that started in 2022.
