

Natural Gas Governmental Aggregation Programs Frequently Asked Questions (Barberton – September 2025 Update)

Program Supplier	IGS Energy
Supplier Phone	877-353-0162
Program Rate	\$4.84/Mcf. No termination Fee.
Program Term	November 2025 - October 2026

Who is the natural gas supplier for the City’s program?

IGS Energy will be the new natural gas supplier for the City’s program. IGS Energy is certified by the Public Utilities Commission of Ohio, and currently supplies customers and governmental aggregation programs across Ohio.

What is our natural gas program rate?

The new 12-month fixed rate for our program begins with November 2025 gas flow (December bill cycle) and is \$4.84/Mcf through your November 2026 bill cycle. This rate is competitive to offers residents can find on their own and unlike many offers, our program has no penalty if you decide to leave early.

Whom do I call if I have a problem with my natural gas service?

Enbridge Gas Ohio (EGO) will continue to deliver your natural gas and maintain the pipeline system that brings it to your home or business. You will continue to call EGO 1-877-542-2630 for emergency repairs or gas leaks. For non-emergencies such as billing questions, service turn on or turn off, call 1-800-362-7557.

What are Governmental Natural Gas Aggregation Programs?

Governmental Aggregations allow an entire community, groups of communities, or a county to join together to form one large buying group. Once voters authorize an aggregation, elected officials are then permitted to shop for natural gas on behalf of their residents and small businesses.

What are the benefits of Gas Aggregation?

As a large buying group, residents participating in an Aggregation have more buying power. The aggregation is in a better position to negotiate favorable pricing and supply terms than what could ordinarily be achieved by any one individual resident.

What are the different types of Aggregations?

In Ohio there are two types of Aggregations. A community may conduct an “Opt-Out” program or an “Opt-In” program. With Opt-Out programs, each eligible resident is automatically enrolled in the program unless they notify the supplier that they DO NOT wish to participate. With Opt-In programs, each resident must notify the supplier to actively enroll in the program. Opt-Out Aggregations are the most common types of aggregation programs because they result in higher participation that usually results in lower rates.

What does a community need to do to become an Aggregator?

For starters, a community must obtain the approval of voters to form a natural gas aggregation

program. Community leaders are then permitted to proceed through a series of steps to become certified by the Public Utilities Commission of Ohio as a Governmental Natural Gas Aggregator.

What are the key steps in an Opt-Out Aggregation?

With the assistance of a PUCO certified consultant, a community seeks bids from Certified Retail Natural Gas Service Providers. A qualified bidder is selected to supply the aggregation with its gas for a set period of time. An “Opt-Out” Notice is sent to each eligible community resident prior to the start of the aggregation. Each resident has 21 days from the postmarked date on the notice to contact the supplier to withdraw or “Opt-Out” of the program. After the 21-day period, any resident not opting out will be submitted to the utility company for enrollment in the program. The utility company will send notice of the pending enrollment to each participating resident. Each resident will then have 7 days to rescind their enrollment in the program by contacting the utility company. After the 7-day rescission period, all participating customers are officially enrolled in the program. The new supplier will appear on your natural gas bill within one to two billing cycles after enrollment is verified by the utility.

Will it cost me to join the program?

No. Enrollment in the program is free and you need not take any action. You only need to be eligible to participate. Please refer to the eligibility criteria shown below.

Is everyone eligible for the program?

No, by law there are certain limitations on eligibility. All of the current participants in our City’s program will receive a notice of the new program rates, terms and conditions and continue to be eligible. Newly eligible residents or businesses must be located within the Barberton City limits. Furthermore, they must have received an Opt-Out Notice from IGS Energy. Here are the criteria for new member eligibility:

1. You must reside in the Enbridge Gas Ohio service territory;
2. You must reside inside the Barberton city limits;
3. You must not have already chosen a natural gas supplier on your own;
4. You must not be a PIPP (percentage of income payment program) customer;
5. You must not be in arrears on your bill payment; and
6. You must not be a mercantile customer (natural gas commercial accounts using over 500 Mcf/year).

Will I receive anything in the mail?

Yes. IGS Energy will mail informational packets to the groups of customers described below. They will explain the program rate, terms and conditions and means of enrollment.

An Opt-Out Notice will be sent to current members and residents who have not selected a supplier on their own. By law these customers supplied through Enbridge Gas Ohio’s Standard Choice Offer (SCO) are eligible to be automatically aggregated and added to the program. Customers would need to Opt-Out if they do not want to participate.

When does the new rate start?

Customer switching takes place when meters are read. Therefore, your start date for the new rate will depend on when EGO reads your meter. Your service from IGS Energy is expected to begin with gas flowing in November 2025.

How long is the program?

The City's Governmental Aggregation Program can go on indefinitely. This program with IGS Energy is for 1-year and will end with your November 2026 billing period.

What if I don't want to participate?

While most residents will remain in, and benefit from, Governmental Aggregation Programs, the choice is up to you. If you do not want to participate you will have 21 days in which to return a reply card to IGS Energy or call them toll free at 877-353-0162. If you fail to do that, IGS Energy will enroll you as a new customer. EGO will acknowledge the enrollment and send you a confirmation letter reminding you of the pending switch. That letter will mention that you can cancel the switch by contacting EGO within 7 days.

Will I get two bills?

No. For your convenience, you will continue to receive only one bill from EGO. It will show EGO's delivery charges and the supply charge amount owed to IGS Energy. EGO continues to read your meter, issue monthly bills and responds to all service calls.

Can I remain on budget billing?

Yes. If you are on budget billing you will remain on budget billing. (Note: EGO calculates your monthly budget amount each month by summing your total delivered gas cost on a rolling 12-month basis and dividing that total by average monthly usage in the same 12-month period.)

Does our community benefit from the program?

Yes. Our eligible community-owned facilities can be included in the program.

Can I exit this program without penalty?

Yes. A very attractive feature of our program is your ability to leave free of charge at any time for any reason. There are several "formal" opportunities to take yourself out of the program. First, when an offer is presented you will have 21-days to opt-out by returning a card to IGS Energy or making a toll-free phone call. If you do not Opt-Out, EGO will then send to new members a confirmation notice giving you 7 more days to cancel the switch. Furthermore, by law, you will be able to leave without penalty at least every two years. If you would like to leave the program at any time, simply notify IGS Energy at 877-353-0162.

My friend lives in a nearby community and has a different rate from IGS Energy than mine. Why?

Natural gas prices are highly volatile. Market rates change often and quickly. Price differences between communities will vary based primarily on the contract term and the dates on which pricing was secured for the community.

Can I enroll if I do not receive an Opt-Out Notice?

Yes. During the initial enrollment, any eligible resident that does not receive an Opt-Out Notice may contact IGS Energy directly at 877-353-0162 to enroll in the program.

Can I enroll after the initial enrollment period?

IGS Energy will always try to accommodate residents should they wish to enroll after the initial enrollment period. However, IGS Energy reserves the right to decline late enrollments depending on market conditions. If enrollment remains open, you may enroll by calling IGS Energy directly at 877-353-0162.

Can I enroll even if I currently purchase my gas from another supplier?

Yes, you can enroll by calling IGS Energy at 877-353-0162 and asking to join the City of Barberton natural gas program. However, your supplier may charge an early termination fee. All residents should check the terms and conditions of their current contract for more information.

What happens if I'm part of the program and I move?

A resident moving within the same community can stay in the aggregation by providing IGS Energy with their new address. If a resident moves out of the community or does not provide IGS Energy their new address, their participation will end and no early termination fee will apply.

This sounds complex. Is our community qualified to handle such a program?

We have retained Independent Energy Consultants, Inc., a PUCO certified broker and aggregator of electric and natural gas, without using any taxpayer money. They have designed, implemented, and administered hundreds of similar and successful programs across Ohio. We will have their assistance and that of IGS Energy throughout the program.

These FAQs help but I still have a question?

If you have additional questions please call IGS Energy at 877-353-0162. For general information on natural gas deregulation in Ohio, you can visit the Websites of the Ohio Consumers' Counsel (www.occ.ohio.gov), or the Public Utilities Commission of Ohio (www.PUCO.ohio.gov). **Please do not contact the City offices. We are pleased to have made this program possible, but are not prepared to handle calls.**
